2012 Art Exhibits and Displays

Since 1967, Carlsbad City Library has had an active exhibition program with the primary mission of showcasing the work of artists and collectors residing in San Diego's North County and sharing that visual arts experience with visitors of all ages. Carlsbad City Library currently presents small-scale exhibitions, both on its wall and in display cases.

Process

Interested artists for 2012 are asked to submit an application and support materials by Oct. 30, 2011. Beginning in 2012, applications are accepted between February and September of each year. A library committee meets to review the applications and determine the exhibition schedule for the following year.

Criteria For Selecting Exhibitions

Final decisions on the selection of artists/collectors, choice of artwork, and installation details rest with the library's community relations manager and the library director. The exhibition spaces are intended to be a limited public forum, to be used for the display of artistic work suitable for viewing by all ages.

The selection of an exhibition for the library is based on the following criteria:

- quality of the artwork
- medium and size of the artwork
- variety
- installation/display issues
- security
- previous record of exhibiting at Carlsbad City Library locations
- previous record of exhibiting locally
- budget issues: cost of presenting the exhibition

An exhibition schedule is maintained by the library's community relations manager. City-organized exhibitions may be presented at any time during the schedule, at the discretion of the library's community relations manager. Exhibits are usually changed every six to eight weeks, except in the case of city-sponsored exhibits when a shorter or longer display period may be designated.

Exhibit/Display Guidelines

All artwork is required to arrive at the library framed and ready for hanging or display. The library does not provide materials or the space to prepare artworks for display or storage. The library will coordinate the artwork's installation with the exhibitor. The exhibitor is responsible for dismantling the exhibit with assistance and oversight from library staff. The community relations manager has the final say on all installation issues. Framed artwork must have picture wire securely attached to the back of the frame. No sawtooth hangers will be accepted. Artwork that is too large in size or weight, fragile, or includes poor construction in content or framing will be rejected. Exhibits/displays must be installed during a mutually-agreed upon time. Delivery and retrieval of exhibit artwork and materials from the library are the responsibility of the owner or owner's designated representative.

Sales

Artwork that is for sale may not be displayed with prices on the artwork or on accompanying display information. However, display information may contain the exhibitor's contact information for sale purposes. The exhibitor is responsible for conducting the sale of any work directly with the purchaser. Art not available for purchase must be designated "NFS" (Not For Sale) on accompanying information. All artwork sold must remain on exhibit throughout the designated exhibit period.

Display Information

Display information will include background information on artist, and contact information. All information will be approved prior to the exhibit date by the community relations manager.

Waivers

The artist/exhibitor will be required to sign the Waiver of Liability Form before or at the time the exhibition is installed. Every precaution will be taken to protect the exhibitor's artwork or collection, but the City of Carlsbad, the Carlsbad City Library, or any officer, employee or agent of either does not assume any liability in connection with the exhibit or display.
